1. DEFINITIONS

At all times, the definition of the word “PRESENTER” shall refer to the legal entity that is engaging this production, which includes musicians, staff, management, etc. “VENUE” shall refer to the concert hall, performing arts center or location in which the production shall take place.

“PRODUCTION” shall refer to the orchestral concert Revolution: The Music of The Beatles, A Symphonic Experience. “PRODUCERS” shall jointly refer to the co-producers Greenberg Artists and Schirmer Theatrical, LLC, both legal entities incorporated and operating under the laws and jurisdiction of the State of New York.

All equipment, materials, personnel and/or labor specified in this rider will be provided by the PRESENTER, at the PRESENTER’s own expense (except where rider specifically notes otherwise). Upon completion of the agreement or sixty (60) days prior to performance, the PRESENTER shall provide to the PRODUCERS plans and information about the VENUE including a stage and seating diagram, backline lists of lighting, audio and projection equipment, as well as any additional information such as working hours or labor stipulations that may be vital to the planning of this engagement.

All video, projection, audio and lighting components, as described below, must be set-up, tested, and fully operational before first rehearsal of the PRODUCTION, whether that rehearsal is with or without the orchestra (see Rehearsals).

The PRODUCTION’s title "Revolution: The Music of The Beatles - A Symphonic Experience" and the musical content of this concert may not be changed or altered in any way except by the PRODUCERS.

2. CONCERT OVERVIEW

Revolution: The Music of The Beatles is a full-evening experience that begins the moment the house opens, with a 30-minute pre-concert show. A projection design of black and white photos will be shown as a curated playlist of re-mastered Beatles tracks and outtakes is played over the house sound system, all of which will be triggered and monitored by PRODUCERS’ technical director, unless otherwise negotiated.

After the first half of the concert (approximately 50 minutes), a 20-minute projection design will then be shown during intermission, featuring a set of color photos and a second curated playlist. Following the second half of the concert (approximately 50 minutes), a third and final 10-minute projection design will be screened following the brief, band-only finale. The final video typically serves as an audience exit video.

The PRODUCTION is designed to be continuous, without lengthy breaks between songs, but the durations above include built-in estimates for applause. Please note that the intermission presentation can be shortened to 15 minutes at the request of PRESENTER. A Run of Show outline with a song-by-song breakdown can be provided upon request.

DURATION - The concert is approximately **130 minutes (2 hr 10 min)**, inclusive of a 20-minute intermission, but not inclusive of pre-concert presentation and exit music featuring pre-recorded music, as described above. Intermission can be reduced to 15-minutes, upon request of PRESENTER. Standard performance runs as follows:

- Pre-Concert video
- Act 1
- Intermission (with video)

- Act 2
- Band-Only encore songs
- Post-Concert video

3. MUSIC RENTAL & SHIPPING

The cost of music rental for the PRODUCTION is included in the fee for the engagement, but it is the responsibility of PRESENTER to place an order online through www.Zinfonia.com, the official music publisher portal, for all scores and parts to be shipped to PRESENTER. To use Zinfonia, PRESENTER must:

- 1) Create a free account, if needed.
- 2) Once logged in, go to the “Search” tab and enter the following data:

Composer: Various
 Title: Revolution: The Beatles
 Publisher: Music Sales Corporation

Note – Music Sales Corporation is the parent company of Schirmer Theatrical, and G. Schirmer, Inc. (a sister division of Schirmer Theatrical) that will process the rental of all scores and parts on behalf of the PRODUCERS

- 3) Once you find the listing, click “Request Materials” on the right-hand menu, then complete questionnaires as prompted. If this is your first time ordering through Zinfonia, you will be required to enter the ASCAP and BMI Performer License numbers for your organization.
- 4) When prompted, check both boxes: “A quote is NOT required” and “I agree for Zinfonia to provide a copy of all information . . .” then continue with the questionnaire, ending with shipping address and ship by dates.
- 5) Place your order and save a record of your order number. Though there is a messaging function within the Zinfonia portal, please contact the G. Schirmer librarians directly at rental@schirmer.com, citing your order number, should you need to make any changes.

The PRESENTER will be billed by G. Schirmer, Inc. for the cost of shipping the scores and parts to the VENUE/PRESENTER. The PRESENTER is also responsible for the cost of shipping to return the scores and parts to the PRODUCTION’s music rental facility in Chester, NY. Shipping must be made by FedEx Ground, UPS Ground, UPS Airborne, or DHL, and all tracking numbers must be given to a representative of the PRODUCTION upon request.

*****Notes to Librarians*****

1. The parts for the rhythm section must be onstage during the scheduled 90-minute sound check/rhythm rehearsal at which the conductor, and all artists provided by PRODUCTION will be present. Please be aware that this rehearsal will always be scheduled prior to the first full orchestra rehearsal, so the music will need to be ready and available before the orchestral musicians arrive. You will usually receive duplicate sets of the rhythm section music – one stored with the full set of scores and parts, and one stored in the case with the synth laptop and Strymon guitar pedal (explained below).
2. A MacBook Air laptop programmed with a Mainstage file for the pianist PLUS a Strymon Iridium amp & IR cab pedal for the guitarist will often be shipped along with the music rental set for Revolution. During symphonic seasons where PRODUCERS have multiple performances of Revolution in close succession, the laptop and pedal may alternatively be shipped to you from another orchestra (which will be confirmed by email from PRODUCERS). When you receive the laptop and pedal, please keep save them for when PRODUCERS’ Technical Director arrives, or the keyboard player and guitarist arrive. Please note that the laptop and pedal should be returned to G. Schirmer with the music rental set

unless PRODUCERS contact you in writing with a request to forward them onto another orchestra.

3. You should receive a “Librarian Set List” with your music shipment. If this sheet is missing, a duplicate is attached to the end of this Technical Rider. This annotated version of the set list outlines which songs have full orchestral arrangements, which ones are cover performances (for which only lead sheets are supplied), and which songs aren’t performed at all (both the first and second half of the concert start with a recording of “Gnik Nus” and “Tomorrow Never Knows,” respectively, but only when the optional projection design is being used). You should also receive lead sheets for additional songs which are performed as part of the post-concert performance, by only the vocalists and rhythm section musicians. These songs have intentionally been left off of the official concert program list, as they are meant to be a surprise encore for the audience.

4. STAGING

As the PRODUCTION is intended for performance in an orchestra hall or similar venue (such as an outdoor amphitheater), we understand the basic stage layout will be largely predetermined. Should the PRODUCTION take place in an indoor orchestra hall, PRODUCERS prefer PRODUCTION be staged in the blacks, out of the acoustic shell. PRESENTER or VENUE to provide all soft goods. The stage is to be set-up according to the Stage Plot (see final pages of rider) in advance of the first rehearsal. Rhythm section should be placed directly upstage of the podium, close to the conductor, with the strings and brass on either side and adequate space downstage of conductor’s podium for the vocal soloists. The following is also requested:

1. Risers
 - a. One (1) 24” riser for drum kit
 - b. Two (2) 16-18” risers for guitarist and bass player to be placed to left and right of drum kit riser (see stage plot)
 - c. One (1) 12” riser for percussionist (4’ x 4’ x 1’ recommended)
 - d. One (1) 12” riser for flutes (4’ x 8’ x 1’ recommended)

 - f. One (1) 24” riser for contrabasses (4’ x 8’ x 2’ recommended)
2. Plexiglass Panels (5-6’ tall) as needed surrounding drum kit and bass guitar

5. ORCHESTRA DRESS

As the PRODUCTION is intended for a more casual setting, PRODUCERS suggest that men wear dark suits with colorful ties, and women wear black with or without sparkles. Short-sleeved attire is also acceptable for outdoor, summer performances. PRODUCERS prefer not to have the orchestra in “formal wear,” i.e. tuxes or white dinner jackets.

Upon such approval, PRESENTER agrees to provide the PRODUCTION with a copy of such audio or video, with the explicit understanding that the PRODUCTION shall use such reproduction solely for archival purposes.

17. PHOTOGRAPHY

The PRODUCTION may choose, upon written agreement with PRESENTER, to supply its own photographer to photograph rehearsals and/or performances for publicity and promotion purposes.
